Radia Mega Solar Portable Light

By Zafferano America

Description

Stylish and functional, the Radia Mega Solar Portable Light is the perfect addition to a patio or garden. An integrated solar panel along the top charges the fixture, with a daylight sensor that allows the light to automatically turn on from dusk until dawn. This portable light takes 8 to 10 hours to charge and runs for 23 to 25 hours. Use the stake accessory, sold separately, to mount the fixture as a bollard.
