Lunelle Linear Chandelier

By Z-Lite

Description

Featuring a ribbed glass pattern inspired by shimmering slivers of moonlight, Lunelle's shades are balanced by the geometry of a conical decorative accent and a rounded ceiling canopy. Bold steel creates a dramatic presence in a three-light linear chandelier adding chic contrast to horizontally oriented interior spaces. This fixture suspends dome shaped clear rippled glass shades, offering delicate personality to an otherwise standout light that makes a signature design statement.

Specifications
