Meridian Wall Sconce

By Z-Lite

Description

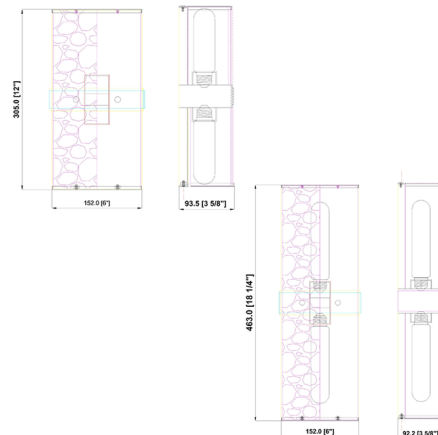

The gentle ripples of clear water glass beautifully diffuse the light while softening the substantial scale of the Meridian sconces. Light diffuses softly through a half-cylinder clear water glass shade as this two-light wall sconce offers an extraordinary complement to custom living rooms, hallways, and bedrooms. Clear water glass merges with a bold steel framing to create a chic distortion of ambient light, creating a delectable impact and a signature design statement.
