Nextra Bathroom Vanity Light

By Z-Lite

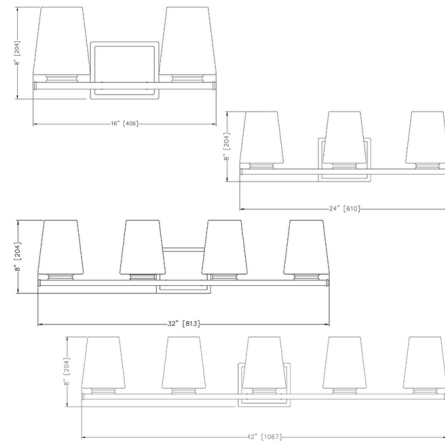

Description

The stepped backplate and gently shaped opal glass shades elevate Nextra's classic design. Warm metallic detail gives this vanity light a gracious presence above the mirror, where softly shaped white opal glass lends the room a flattering glow. The design feels elevated in a gentle way, adding brightness and charm while keeping the vanity area visually composed. It is especially lovely in bathrooms and powder rooms where a touch of radiance can make the entire space feel more welcoming.
