Riddle Wall Sconce

By Bert Frank

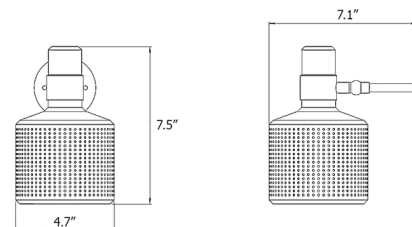

Description

The Riddle Wall Sconce pairs a perforated, machined brass shade with an interior fabric diffuser for a sleek, industrial aesthetic that provides warm, soft light. The lampshade is cylindrical at the bottom before steeply tapering to a narrow stem. The sconce is supported by a round backplate and sleek stem with a hinged joint which allows the sconce to be tilted up and down to aim the light. Note: Includes mounting plate to cover standard 4 inch US junction box.

Shown in antique brass / satin black
