Circa Table Lamp

By Pablo

Description

Circa's revolutionary flat-panel LED light source combines seamless movement with warm and balanced illumination for any environment and every task. With its 45° shade tilt and 360° degrees shade rotation, Circa redefines the ambient lighting category. Circa's defining feature is a flat-panel LED disc that moves fluidly above its axis point. This mobility allows the lamp to assume an infinite number of positions while functioning as a task lamp that provides balanced, ambient light. Circa also supports a user's mobile devices by integrating a USB charging port. Circa also features a 4-stage dim control and glare free illumination. Available in White or Graphite. ETL and CE listed.
