Circa Floor Lamp

By Pablo

Description

Circa's revolutionary flat-panel LED light source combines seamless movement with warm and balanced illumination for any environment and every task. With its 45 shade tilt and 360 degrees shade rotation, Circa redefines the ambient lighting category. Circa's defining feature is a flat-panel LED disc that moves fluidly above its axis point. This mobility allows the lamp to assume an infinite number of positions while functioning as a task lamp that provides balanced, ambient light. Circa also supports a user's mobile devices by integrating a USB charging port. Circa also features a 4-stage dim control and glare free illumination. Available in White or Graphite. ETL and CE listed.
