Westbrook Outdoor Post Light

By Innovations Lighting

Description

The Westbrook Outdoor Post Light adds understated elegance to your exterior space. Its clean, minimalist frame is paired with glass panels, creating a warm, inviting glow and casting beautiful patterns of light throughout your surrounding area. Features a latched door on the front of the cage for easy bulb replacement. Standard post is required and sold separately. These fixtures are designed to age and develop a natural patina over time. Subtle variations in tint and color are to be expected, as each finish is individually hand applied. These natural variations contribute to the uniqueness of every fixture and will continue to deepen and darken with age.

Shown in bronze / clear
