Durham Outdoor Post Light

By Innovations Lighting

Description

The Durham Outdoor Post Light combines timeless elegance with lasting durability, bringing refined character to your exterior space. Graceful curves and crisp, clean lines define the frame, while glass panels, with an inner hurricane, softly diffuse the light, casting a warm, inviting glow across your surrounding area. Features a latched door on the front of the cage for easy bulb replacement. Standard 3 inch post is required and sold separately. These fixtures are designed to age and develop a natural patina over time. Subtle variations in tint and color are to be expected, as each finish is individually hand applied. These natural variations contribute to the uniqueness of every fixture and will continue to deepen and darken with age.
