Description

The Capital Floor Mirror brings a sense of rugged simplicity and understated character to any interior. Its clean-lined frame features softly rounded corners, adding warmth and dimension to the contemporary silhouette. Each handcrafted mirror stands a full five feet tall, making it ideal for leaning against a wall in a bedroom or living space for effortless full length viewing. For a more dramatic statement, hang it horizontally or vertically using the integrated D-ring hangers. Its generous scale reflects light and creates a striking focal point in any room.
