Flounce Vase

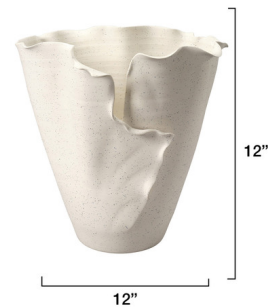

By Jamie Young Company

Description

The Flounce Vase captures the quiet beauty and serenity of a billowing cloud drifting across the sky. Master artisans handcraft each piece, shaping its soft, organic silhouette and delicate ruffled edges by hand. The calming matte white finish is accented with subtle blue specks, while the expressive, undulating rim adds a touch of exuberance to its otherwise tranquil design. Water safe and effortlessly elegant, the Flounce Vase is beautifully suited to fresh, colorful blooms, where its serene palette and sculptural form create a striking contrast.
