Flutter Vessel

By Jamie Young Company

Description

The Flutter Vessel captures a sense of peace and serenity, inspired by the soft, billowing form of a cloud drifting across the sky. Each piece is handcrafted by master artisans, featuring a soothing matte white finish delicately flecked with tiny blue specks. Hand shaped ruffled edges add an unexpected sense of movement and whimsy to the otherwise tranquil design. Water safe and beautifully versatile, the vessel is ideal for displaying fresh, colorful blooms. Style it with crisp white flowers for a serene monochromatic look, or choose blue blooms to echo the subtle hints of color woven throughout the design.
