Scallop Semi Flush Ceiling Light

By Nova of California

Description

The Scallop Semi-Flush Mount is a modern lighting fixture in NOVA's collection, featuring a steel body and a white linen drum shade. Designed by the NOVA Design Team in 2026, this semi-flush mount light embodies a sleek, modern aesthetic that complements a variety of room styles. The handcrafted steel construction ensures durability, while the white linen shade provides a soft, diffused light, making it ideal for living rooms, dining areas, and entryways. Its low-profile design allows it to visually pop from the ceiling without overwhelming the space. Equipped with an ELV dimmer, the Scallop Semi-Flush Mount offers adjustable lighting to suit any mood or occasion.
