Colt Bathroom Vanity Light

By Visual Comfort Studio

Description

The Colt Bathroom Vanity Light embraces a crisp, sculptural approach to modern lighting, with a streamlined profile that makes a confident visual statement. Refined to its essential elements, the design balances form, proportion, and subtle contrast to create a precise, contemporary presence. A steel frame is paired with an acrylic diffuser, concealing an integrated LED light source. Its linear form provides smooth, even illumination in both upward and downward directions, creating a balanced wash of light and a refined ambient effect.

Shown in brushed nickel / white acrylic
