Kylo Indoor / Outdoor Wall Sconce

By Visual Comfort Studio

Description

The Kylo Wall Sconce features a streamlined architectural silhouette defined by balanced proportions and thoughtful restraint. Its understated form creates a quiet sense of confidence, allowing line and light to work in harmony. An aluminum frame supports an acid-etched glass shade, concealing a dedicated LED light source that gently diffuses illumination. The result is a soft, even glow that enhances surrounding surfaces with a calm and inviting presence.

Shown in textured black / opal etched
