Banks Indoor / Outdoor Wall Light

By Visual Comfort Studio

Description

The Banks Outdoor Wall Light distills outdoor illumination to its essential form, defined by a clean circular silhouette with a bold, graphic presence. Both functional and sculptural, its understated design brings a quiet confidence that integrates effortlessly with a range of architectural settings. A durable StoneStrong frame, engineered for wet locations, is paired with a clear acrylic diffuser that houses an integrated LED light source. Directional downward illumination creates a focused wash of light, highlighting surrounding surfaces with a composed and intentional glow.

Shown in textured black / white acrylic
