Holden Wall Sconce

By Visual Comfort Studio

Description

The Holden Wall Sconce brings a clean, contemporary aesthetic shaped by simplicity, refined proportions, and subtle contrast. Familiar materials are thoughtfully composed to create a look that feels both timeless and distinctly modern. A steel frame supports a clear glass outer shade and milk glass inner diffuser, creating a layered silhouette with added depth and dimension. When illuminated, the combination softens the light and casts warm, nuanced shadows throughout the space.

Shown in midnight black / milk / clear
