Lexington Armchair

By Roll & Hill

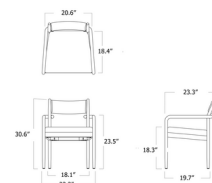

Description

The Lexington Armchair was born from designer Jason Miller's interest in both American furniture and Gothic architecture. When examining Gothic buildings, Miller noticed the surprisingly rational and functional structure beneath the ornate decorative facade. Lexington echoes this architectural framework with its clean-lined silhouette. Lexington is available with or without upholstered arm pads. A variety of upholstery options in Leather, Linen, or Velvet are available upon request.

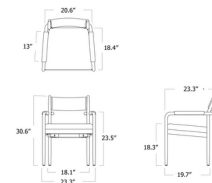

Shown in black walnut / dark olive leather

Without Arm Pads

With Arm Pads
