Suspension Telescope Mount Kit for EF Series Patio Heaters

By Eurofase

Description

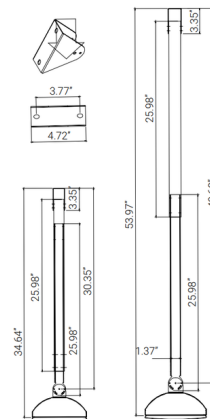

The Suspension Telescoping Mounting Kit is for use with Eurofase patio heaters. Specifically crafted for flexible installations, this solution caters to various ceiling types, particularly in areas where heaters are placed above the 12-foot threshold. The telescoping pole offers an adjustable length ranging from 26 inches to 48 inches. The wiring is discreetly concealed within the pole, contributing to a clean and minimalist aesthetic. Heaters are sold separately. Note: Use the 66in extension pole (sold separately) to add additional length.
