Replacement Element 277V 3000W For Patio Heater By Eurofase

Description

The Element For Patio Heater is for use with the Eurofase EF20, EF25, EF30, EF50, and EF60 Series infrared heaters. Quartz replacement elements ensure optimal performance and consistent warmth. Engineered for efficiency, these elements deliver fast heat transfer and reliable radiant comfort for outdoor and indoor environments. Each quartz tube is built for durability and long service life, maintaining stable output even through frequent use and varied weather conditions.
