PH 1/1 Piano Table Lamp Limited Edition By Louis Poulsen

Description

The PH 1/1 Piano Table Lamp is a special limited edition version from Poul Henningsen's iconic line of PH lamps. As a composer and musician himself, designer Poul Henningsen created the PH 1/1 Piano to be the perfect lamp for pianists, resting atop the piano to illuminate the keys and sheet music. This version lamp retains the multi-layered, glass dome shade of the PH collection but pairs it with a sinuously curved brass stem. A swivel joint in the loop of the stem allows the lamp to be tilted up to 45 degrees backwards or 25 degrees forwards to aim the light. In addition to its original purpose for musicians, the PH 1/1 Piano Table Lamp is also a perfect fit on desks, bedside tables, windowsills, or any other space in need of flexible task lighting.

Specifications
