Moon Color-Select Wall Sconce

By CWI Lighting

Description

The Moon Integrated LED Wall Light blends modern design with artisanal craftsmanship for a look that's both bold and refined. Featuring a luxe finish and crescent-shaped panels made from textured, handcrafted glass, this wall fixture brings soft, ambient lighting and unique style to any interior. Each glass panel is individually crafted, giving every fixture a distinct, one-of-a-kind character. The contrast between the frame and the glowing, moon-inspired glass adds visual depth and warmth, perfect for hallways, bedrooms, or living areas. Features color-select technology which allows user to select between 3000K, 4000K and 5000K color temperature options.
