Contour Color-Select Bathroom Vanity Light

By CWI Lighting

Description

Elegant and architectural, the Contour Vanity Light brings refined artistry to the modern bath. Its elongated silhouette is defined by a subtle geometric bend, finished in a warm brass that adds a sense of understated luxury. Handcrafted glass diffusers run the length of the fixture, introducing organic texture and depth while softly dispersing light. Equipped with integrated LED, Contour offers five selectable CCT options (2700K, 3000K, 3500K, 4000K and 5000K), allowing the illumination to be tailored to suit everything from ambient glow to task-focused clarity. Designed exclusively for indoor use, this statement vanity light balances sculptural form with everyday function perfect for elevating primary baths, powder rooms, and sophisticated dressing areas. This is a refined expression of craftsmanship and light. Dimmer switch on frame.
