Curva 38 inch Color-Select Chandelier

By CWI Lighting

Description

Sculptural and refined, the Curva Chandelier commands attention with a composition of three gracefully curved frames, forming a layered architectural silhouette. The flowing arcs create a sense of movement and balance, while elongated diffusers of handcrafted glass add texture, depth, and artisanal character at each illuminated point. Featuring integrated LED, the Curva chandelier offers an adjustable color temperature range from 2700K to 5000K, allowing the ambiance to shift effortlessly from warm and inviting to crisp and contemporary. An included remote provides convenient control, enabling precise adjustment of light settings to suit any moment. Designed for elevated interiors, this chandelier blends modern geometry with refined craftsmanship, making it an elegant centerpiece for dining areas, entryways, or statement living spaces.
