## Curva Color-Select Bathroom Vanity Light

By CWI Lighting

### Description

Infuse your personal sanctuary with a warm, artisanal radiance with the Curva Integrated LED Vanity Light. This luxury indoor fixture is a masterclass in fluid elegance, featuring a slender profile that seamlessly integrates high-end materials with modern lighting technology. The centerpiece is a magnificent column of handcrafted glass, meticulously formed with organic, flowing ridges and delicate seed bubbles that mimic the appearance of frozen water. Mounted to a minimalist Brass base, the warm metallic finish enhances the luminous glow of the integrated LED, creating a sophisticated play of light and shadow across the glass's unique textures. Designed for bespoke interior environments, the Curva vanity light features 5 CCT selectable technology. This allows you to curate the perfect ambiance by transitioning effortlessly between five color temperatures from a soft, candle-like 2700K to a vibrant, cool 5000K ensuring your lighting perfectly accentuates your home's architectural features and decor. Dimmer switch on frame.
