Santiago Bowl

By Eichholtz

Description

Discover the Eichholtz Santiago Bowl, where considered design meets effortless simplicity. Hand-cast from aluminum with a vintage brass finish, it has a wide, shallow bowl with thick, substantial walls sitting on a tiered pedestal base. This elegant silhouette is reminiscent of a coupe or a modernist chalice. The Santiago is not only decorative on its own, but also great for displaying decorative materials such as pinecones or flower petals.

Shown in vintage brass
