Orlandis Wall Sconce

By Eichholtz

Description

Discover the Eichholtz Orlandis Wall Sconce for an expression of luxury lighting. Expertly handmade from recycled glass, this lighting solution features an asymmetric, shield-like shape that reflects the beauty of nature. When lit, the smoked glass emits amber warmth, creating a quality of light that is as much sculpture as illumination. The Orlandis can be displayed on its own, but really comes into its own when paired with the matching piece.

Shown in antique brass / smoke
