Echo Lake Pendant

By Hudson Valley Lighting

Description

Echo Lake reinterprets a drum pendant with handwoven natural palm leaf fibers. A large Heritage Bronze bobèche appears to float beneath the shade, creating a contrast of natural and polished materials. As the brass bowl reflects light upward, it washes the woven interior with an ambient glow. Echo Lake brings relaxed sophistication to contemporary and coastal interiors.*Due to the one-of-a-kind nature of the medium, exact colors and patterns may vary slightly from the image shown.
