Gemini Vertical Pendant

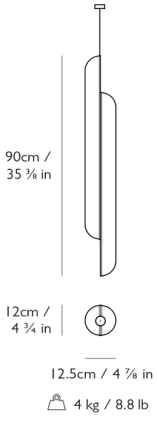

By Lee Broom

Description

Drawing inspiration from the astrological sign, the Gemini Vertical Pendant features a pair of matching halves that have been asymmetrically linked into a single linear form. The illuminated acrylic capsule is sliced down the center and shifted to reveal a brass plate. The clean, precise lines of Gemini's silhouette reference both Art Deco refinement and Modernist innovation for a chic look that will suit a variety of decor styles. Note: Gemini includes an LED driver which must be installed in a remote location within the ceiling canopy. Includes a Satin White cover plate to mount the mini canopy to a standard US junction box.

Shown in brushed brass / opal

Specifications
