King Chandelier

By Lee Broom

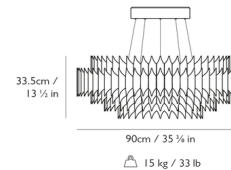

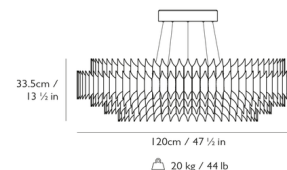

Description

Inspired by the legend of King Arthur, the King Chandelier offers a regal prescence that will fill any interior with majesty and wonder. King is composed of individual brass leaves that have been folded, tapered, and brushed by hand and arranged into a tiered, crown-like ring. King recalls the soaring arches of Gothic architecture while also referencing modern Brutalism. With its large size and elegant play of light and shadow, the King Chandelier commands attention as a visual centerpiece.
