Requiem Wall Sconce

By Lee Broom

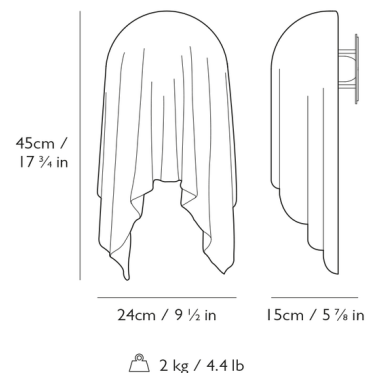

Description

The Requiem Wall Sconce takes inspiration from the marble draperies seen on antique statues and funerary sculptures. Requiem is hand sculpted by draping fabric covered in plaster over a spherical, opal glass shade. More plaster is then applied and left to set to shape the piece to its final form. This unique process results in a fixture that appears fluid and weightless while remaining distinctly solid. Sculptural yet delicate, Requiem makes for a truly breathtaking statement piece.
