Solstice Wall Sconce

By Lee Broom

Description

The Solstice Wall Sconce is inspired by the prehistoric monument Stonehenge and its alignment to the summer and winter solstices. The spherical opal glass diffuser is a reference to the sun, and the square brass frame echoes Stonehenge's monolithic stone pillars while adding a subtle nod to mid-century modern design. Note: This fixture does not mount to a standard 4 inch junction box and requires a 2 inch wide outlet junction box. A cover plate for a 2 inch outlet box is included.

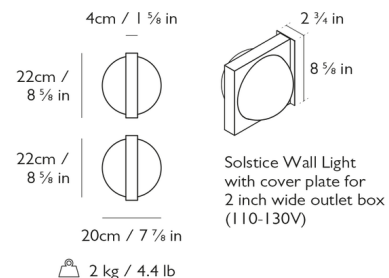

Shown in brushed brass / opal

Specifications

COLOR Opal
BODY FINISH Brushed Brass
WATTAGE 9W
DIMMER N/A
DIMENSIONS 7.88"W x 8.63"H x 8.63"D
