Paros Chandelier

By Lib & Co

Description

The Paros Chandelier introduces a bold, sculptural presence to your interior space. Crafted from highly reflective stainless steel, its polished metallic form features countless tiny perforations, creating a luminous ring with a distinctive open rectangular center. When illuminated, the intricate surface filters light through its delicate openings, casting a warm, atmospheric glow and captivating patterns of light and shadow throughout the space. **Note:** Fixtures weighing 35 lbs. or more must be supported and installed independently of the ceiling outlet (junction) box and require additional support in the ceiling where the fixture is being installed.

Specifications
