Panthella Original Floor Lamp

By Louis Poulsen

Description

The Panthella Original Floor Lamp was originally designed by Verner Panton in 1971, which sought to provide pleasant, glare-free illumination by obscuring the light source. To accomplish this task, the lamp reflects light off of the inside of the dome shade and the trumpet-shaped base to provide indirect lighting. The colored acrylic shade also emits a soft, translucent glow when the lamp is turned on to add an eye-catching touch of color. On/off footswitch located on cord.
