The Bride Floor Lamp

By mammalampa

Description

The Bride Floor Lamp features a sculptural lamp shade made of handwoven paper. Its organic, woven form diffuses light into a soft, warm glow that feels almost weightless, adding quiet elegance and an airy calm to bedrooms, living rooms, intimate dining areas, and boutique hospitality spaces. Each shade is braided entirely by hand, so no two share the same pattern and light distribution. The result is a statement piece that turns a traditional material into an expressive design object. On/off switch located on cord.
