Daisies LED Ceiling Fan

By Maxim Lighting

Description

The Daisies Daisies LED Ceiling Fan brings approachable style and reliable performance to everyday spaces. Five gently shaped plywood blades create a light, petal-like silhouette, with reversible black and white finishes for easy coordination across interiors. An AC motor provides long-lasting functionality, while the included 3-wire wall control operates fan speed and light dimming from a single convenient location. Simple, versatile, and thoughtfully designed, the Daisies offers a decorative fan solution with broad appeal and practical value.

Shown in satin nickel / black
