Piers Picture Light By Mitzi

Description

Elongated proportions and organic detailing elevate the Piers Picture Light. An integrated LED bar adds to the sleekness of the metal frame, which is finished in Patina Brass. Raffia wraps the ends, lending texture and a handcrafted detail. Tapping into a heritage aesthetic, Piers is well suited to both traditional and contemporary interiors. Note: Does not fit on a standard 4x4 inch junction box. Due to the one-of-a-kind nature of the medium, exact colors and patterns may vary slightly from the image shown.

Shown in patina brass / white
