Lea Ceiling Light

By Mitzi

Description

Petite in scale yet arresting, the Lea Ceiling Light is grounded in beautiful, enduring materials. A cone-shaped matte cloud glass shade extends from a honed gray travertine canopy, while a slim band of patina brass adds a subtle touch of shine. Designed for spaces where scale and function matter, the Lea is a little piece with real substance. Due to the one-of-a-kind nature of the medium, exact colors and patterns may vary slightly from the image shown.

Shown in patina brass / matte cloud
