Callisto Go Portable Table Lamp

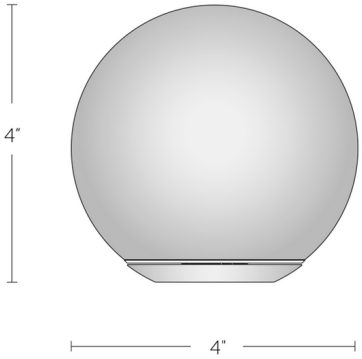

By Boyd Lighting

Description

The Callisto Go Portable Table Lamp offers the beautiful, sculptural quality of alabaster stone in a handheld, portable form. The alabaster globe sits atop a brass base and is illuminated from within by an integrated LED to showcase the natural transluceny and variations of color and veining. The lamp's brightness can be adjusted by rotating the orb clockwise and switched off by fully rotating the orb counterclockwise. Callisto Go is UL Damp-rated, making it suitable for a wide range of settings from a bedside table to an outdoor patio. Includes USB-C charging cable. Note: Because of the inherent variations of alabaster's color and opacity, the appearance and color temperature of each lamp may vary.

Shown in satin brass / alabaster
