**DESCRIPTION**

The Bubble Club Chair is characterized by the soft line of its armrests, in contrast with the more rational lines of the backrest. This is a minimalist silhouette, reminiscent of the lines of granny's sofa. Along with the sofa and the small table, the Bubble Club is now a complete family, nothing less than an industrial living room. Thanks to their exceptional weather resistance, all three members of the Bubble Club family can survive perfectly outdoors and are ideal for furnishing gardens, pool sides and patios.
