

**BRAND**

Legrand Adorne

**DESCRIPTION**

The SensaSwitch 700 Watt Motion Sensor Incandescent / Halogen Dimmer Switch automatically turns lights on and off with an innovative motion-detecting sensor. Can also be adjusted to allow you to manually turn lights on if desired. Available in a White, Graphite or Magnesium finish. Includes Locator Status Light. Accessories include Accent Nightlight to allow for low light in the night. Also available in other combinations of Auto Detection. Designed to support Incandescent and Halogen loads up to 700 watts. Use on its own to control a light from one location (single-pole operation) or pair with a second SensaDimmer to control a single light source from two locations (three-way operation). 1.77 inch width x 1.77 inch height. UL Listed. Requires Adorne wall plate, sold separately.

*Shown in: Magnesium*
