SoCo Modern Socket Pendant

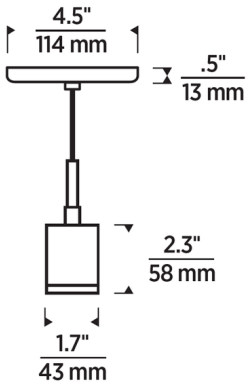

By Visual Comfort Modern

Description

The SoCo Modern Socket Pendant delivers choice, flexibility and the power of custom design, ideal for both residential and commercial applications. Mix, match and cluster to create a tailor-made light sculpture or simply install one or a few to light specific spots. The exposed bulb design, along with a wide selection of cord colors and finishes, lets you personalize the look to complement your space. Try an Edison bulb for its vintage appeal or industrial vibe, or a frosted globe for a softer aesthetic. For even greater design customization, add accessories such as the Locus ring or swag hook, which seamlessly elevate the sophistication and allure of the pendant. The accessories are sold separately. A canopy matching the socket is included. The cord is field-cuttable. Notes: The bulbs pictured are not included. Some combinations of finish, cord color, and cord length are not available.

Shown in white / black cord
