Tolomeo Midi LED Desk Lamp By Artemide

Description

Experience the perfect balance of scale and advanced illumination with the Tolomeo Midi LED Desk Lamp. This versatile fixture offers the iconic adjustability of the Tolomeo series in a mid-sized format, making it ideal for a variety of tasks and spaces. It features a fully adjustable arm crafted from extruded aluminum, providing exceptional reach and precise light positioning. The signature joints and tension control knobs, made from polished die-cast aluminum, alongside robust internal and external tension springs and control cables in stainless steel, ensure fluid movement and lasting durability. Available in a classic Aluminum or a sophisticated Anthracite Grey finish, the lamp seamlessly integrates into any contemporary workspace or living area. The diffuser is impressively tiltable and rotatable a full 360 degrees, allowing you to direct light exactly where needed. A stable weighted steel base provides unwavering support. An integrated LED light source ensures efficient, high-quality illumination, while a convenient dimmer switch is located on the cord for effortless brightness control. UL listed for safety, customers consistently praise its perfect size for most desks and superior light quality, making it an indispensable tool for focused work, reading, or adding a stylish accent to any desk or surface.
