Icaro Pendant

By Venetian Designs

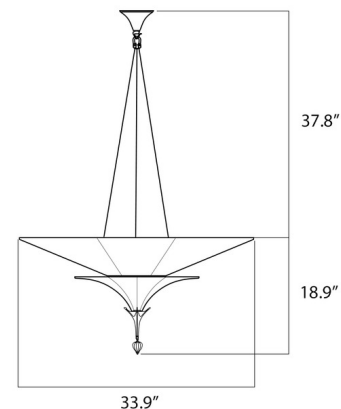

Description

Ascend to new heights of design with the captivating Icaro Pendant, a truly unique lighting sculpture inspired by the daring flight of Icarus in Greek Mythology. This remarkable Italian creation features an innovative glass fiber form, seemingly molded by the intense heat of flying too close to the sun, where elements fuse into a single, breathtaking silhouette. The Icaro Pendant is more than just a light fixture; it's a dramatic art piece that evokes movement and transformation. Its distinctive form and ethereal glow make it an ideal focal point for grand entryways, soaring stairwells, or contemporary living spaces seeking a touch of glamorous and global-inspired design. It seamlessly bridges transitional and modern aesthetics with its compelling narrative. Note: The overall height is not adjustable and must be specified at the time of order.
