# Lutron Caseta Wireless Smart Hub Pro

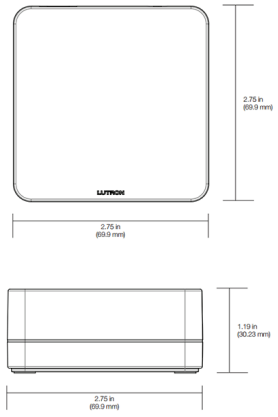

By Lutron

## Description

The Caseta Wireless Smart Hub Pro (formerly Smart Bridge Pro) gives you the ability to control up to 75 wireless devices giving you the ultimate smart home experience. Programmed via the Lutron App (available for iOS and Android devices). This allows for Scene Control via the Lutron App. Time-clock scheduling of daily events via the Lutron App. System access anywhere in the world using the Lutron App. The Smart Hub Pro connects to a Wi-Fi router via Ethernet. Local device operation will continue to function if internet connection is lost or Smart Hub PRO is powered down or not communicating. Supports Caseta Wireless devices, Serena shades, and Pico remote controls. Supports Siri and Apple HomeKit technology. Supports Geofencing via the Lutron App. Available in White. 5 volt. 300mA. All devices must be located within 30 feet of Smart Hub. The Lutron App is required for setup and use with the Smart Hub/Smart Hub PRO. The Lutron App is compatible with iOS devices version 8.0 or later and Android devices 4.1 or later. The Pro Version Supports Sivoia QS, Triathlon and select Sivoia QS Wireless shades. Integration with select A/V and security systems.
