DESCRIPTION

The Skirt Collection takes inspiration from the world of fashion, unsurprisingly, from the garment of the same name. Its elegant and refined design allows Skirt to adapt to different types of environments, from residential to contract and hospitality. The rippled lampshade is composed of a fabric that also has sound-absorbing properties, which allow it to reduce noise by up to 53%, thanks to its Equivalent Absorption Area which reaches a maximum of 3.55. Available with GU24 base (bulbs included) or E26 base (bulbs not included) sockets. Optional outer black mesh shade available.
