Interlace Pendant - Floor Model

By Visual Comfort Modern

Description

The Interlace Pendant shows off an intricate woven design, where thin stainless steel cables are hand-strung into a metal ring frame. The ring casts a bright glow of LED light inward, highlighting the reflective strands while providing ambient illumination. The hanging cables can be adjusted to position the ring level or at an angle. 120V: TRIAC and ELV dimmable. NOTE: This is a discontinued model and limited to quantity on hand.
