24V Enclosed Electronic Remote Transformer By WAC Lighting

Description

24 Volt LED Class 2 Remote Electronic Power Supply features built-in auto reset, soft start, short and overload circuit protection. Enclosure has knock outs on three sides. Screw holes are located on one long side for securing enclosure in place. Secondary wiring for Class 2 transformers does not require conduit sheathed cable or clamp wiring techniques. Non-metallic sheathed cable may be used for secondary wiring in walls and ceilings. Intrinsically safe, Class 2 transformers permit no greater than a 5 amp current. 1 watt minimum load. UL listed. Dimmable with a low voltage electronic dimmer.
