Calumet 8W 32 Deg Outdoor Ceiling Light By Artemide

Description

Illuminate your outdoor spaces with precision and robust style using the Calumet 8W 32 Deg Outdoor Ceiling Light. This highly durable fixture features a sleek cylindrical body and a reinforced glass diffuser, sealed with watertight silicone gaskets to ensure long-lasting performance in any weather. Engineered for the elements, it undergoes a meticulous 3-stage outdoor treatment: Nanotechnologies, antioxidant primer, and polyester paint, providing superior protection against corrosion and fading. Crafted from die-cast aluminum with a choice of a crisp Grey White or sophisticated Anthracite Grey finish, it seamlessly blends with contemporary exteriors. Equipped with PMMA lenses and a focused beam angle, the direction of the light can be adjusted to create your desired lighting effect from the ceiling. An integrated LED light source offers efficient illumination, with a choice of warm or cool color temperatures. UL Listed and IP65 rated, this fixture is suitable for wet locations, making it an ideal choice for enhancing architectural features, entryways, or covered patios with a precise and enduring glow. The Calumet Ceiling Light delivers both architectural precision and contemporary elegance for demanding outdoor environments.
