Calumet 8W 8.5 Deg Outdoor Wall Light

By Artemide

Description

Create dramatic up and down lighting effects on your outdoor walls with the Calumet 8W 8.5 Deg Outdoor Wall Sconce. This robust fixture features a sleek cylindrical body with reinforced glass diffusers and watertight silicone gaskets, engineered for exceptional durability. Its comprehensive 3-stage outdoor treatment (Nanotechnologies, antioxidant primer, and polyester paint) ensures resilience against the elements. Crafted from die-cast aluminum with a choice of Grey White or Anthracite Grey finish, it offers a refined look that complements modern exteriors. Equipped with PMMA lenses with a precise, narrow beam angle, this sconce provides focused bi-directional light distribution, casting impactful beams both upward and downward. An integrated LED light source delivers efficient and powerful illumination, with selectable warm or cool color temperatures. UL Listed and IP65 rated, this fixture is suitable for wet locations, making it an ideal choice for highlighting architectural features, adding ambiance to patios, or enhancing entryways with a bold architectural and contemporary statement.
